### **□Purchasing “digital” Theology textbooks (grades 10-11):**

We recommend renting a digital text as it is cheaper. Go to

<http://www.theologicalforum.org/ebooks.aspx> for more information on how to do this.

Chromebook users will need to access texts using the web browser rather than an app. Other platforms are able to use the Kno app to access texts from this source. The two options that will work on chromebooks would be ESCO eTextbook and Intel eTextbook since both can be accessed via any browser. Once you click on any of the options, you will be directed to the third parties website for ordering.
