

Freshman Supply List 2017-2018

All students are required to have a USB/thumb drive (minimum of 4 GB) for use in all classes and the library.

All students are required to have a graphing calculator for all of their math and science classes at LCHS. If you are purchasing a new calculator, please purchase any version of the **TI-84** (examples: TI-84CE, TI-84 Plus, etc). Students can also receive extra credit in their math class by turning in the "TI Points" that come on the packaging of their new calculator. Students should also write their names on their calculators and have their math teacher engrave their name on their calculator the first week of school.

If you have any questions, please contact freshman class moderator, Ms. DeVries, stacia.devries@lansingcatholic.org
