

Physical Education Waiver

It is Lansing Catholic Central's intent to allow students, under certain circumstances, to waive the high school physical education requirement for graduation. Students who are active in school sponsored athletics or Marching Band may be exempted, provided that they meet Lansing Catholic's requirement in a timely manner.

In order for Lansing Catholic to waive a student's one semester physical education requirement, the student must participate in two seasons of school sponsored athletics by the end of the 10th grade year, or four years of Marching Band. The student also must fill out the required paperwork, have it signed by the Athletic Director or Band Director, and return the paperwork to the Counseling Office. Once the paper work is complete a waiver will be granted. Physical Education waivers do not have any credit attached and will not show up on the Lansing Catholic transcript.
