CELEBRATING 50 YEARS

STRIVING FOR CHRIST

united in mission

When I begin to consider, after this first year serving as the principal of Lansing Catholic High School, the length and breadth and depth of this amazing community, I am reminded of St. Paul and his affinity for running metaphors. St. Paul's abundant use of running as an example fascinates me because I don't typically think about the early Christians participating in athletics and St. Paul seemed to have failed epically in converting the Greeks of the Areopagus. Nevertheless, these verses on running call to mind the great accomplishments of our community and its members as well as inspire us to continue striving for Christ.

"[S]training forward to what lies ahead, I continue my pursuit toward the goal, the prize of God's upward calling, in Christ Jesus" (Phil 3:13b-14). Lansing Catholic has operated with a clear vision for the future, grounded in the teachings of Jesus Christ and His Church, striving to serve and form young Catholics in the Diocese of Lansing consistently for the last 50 years and, God willing, for many years to come.

"Run so as to win" (1 Cor 9:24). For the past 50 years, Lansing Catholic has committed itself to excellence in academics, athletics and spiritual formation. Our community has been overwhelmingly blessed by exceptional and generous faculty members, outstanding and committed coaches, and joyful and faith-filled chaplains. Our Class of 2021 graduates reflect the varied accomplishments of so many Lansing Catholic alumni throughout our school's history.

"I have competed well; I have finished the race; I have kept the faith" (2 Tim 4:7). Like St. Paul, we are called to reflect on our progress in the race, to acknowledge strengths and identify areas for improvement. We end each year in celebration of all the good we have achieved through the grace of God and embrace the opportunity to grow and learn from areas where we fell short. Thankfully, we look forward to the gift of another year to continue building upon the great legacy of this school, to grow and deepen our commitment to our mission, trusting in God to lead us to the finish line.

As we join together united in mission and in Truth to embark upon another 50 years of forming young men and women into faithful disciples of Jesus Christ, I invoke an Old Testament verse: *"They that hope in the LORD will renew their strength, they will soar on eagles' wings; They will run and not grow weary, walk and not grow faint"* (Is 40:31). Let us ignite great hope in the goodness of God, that He will continue to work mighty deeds and pour out abundant graces on all members of the Lansing Catholic community: past, present and future.

“IF I HAVE SEEN FURTHER IT IS BY STANDING ON THE SHOULDERS OF GIANTS”

~ SIR ISAAC NEWTON

This is very true as we finished our 51st year at Lansing Catholic. Our students have seen further and gone further due to the giants in their lives - teachers, coaches, and staff. This holds, as well, for Lansing Catholic High School; we stand on the shoulders of our four heritage schools — St. Mary, Resurrection, Gabriels, and O’Rafferty — true giants in their time. As classes have come back for reunions and walked the halls it is great to hear stories and recollections of people like Br. Athanasius, Sr. Jean Margaret, Mr. Booth, SAP, Mr. Schab, Mrs. Corner, Ms. Ryan and many more. We asked a few alumni to share which teachers had an impact on their life.

Who was yours?

Frank Roznowski M56

St. Mary Cathedral High School

Sr. Alice Joseph taught Geometry and Trigonometry, two subjects that are difficult to teach and did so in a way that I not only did well, I also enjoyed them. She inspired me to use what I learned to become a draftsman and later an engineer for Oldsmobile. Sr. Alice Joseph was nice and mild-mannered who commanded respect. Students respected her and did not want to disappoint her.

Coach Len Lapka was a great man who taught American History as well as being the baseball and basketball coach. He led the school to a Class C state basketball championship in 1954. In the classroom he was famous for his pop quizzes, especially when it didn’t really seem like he had a lesson plan for the day.

Fr. Boyer started a boys choir when I was a sophomore and picked three boys from that grade and from the junior class to sing at funerals the following year. It was a really good experience for me.

Judy Fortino R60

Resurrection High School

Sr. Thomas More, OP (seated on the left) was an example to us all about how to show the world that we were good people. She was not just a great teacher but could throw a football harder than some of the players. When we were out on the playground she would be out there with us playing football or basketball. If you had any problems she would listen to what you had to say and then would try and help. All the kids loved her because she was the best out of all the sisters.

She taught English class and helped us all understand the subject better. I remember when my uncle passed away when we went back to class all my cousins were in there with me besides Pam Palmer. Sr. Thomas More asked

why so many of us were out of class and Pam told her we were all related and we had to babysit for our mothers so they could go to the funeral. She was the first sister I saw to take an interest in our lives as students as well as our parent’s lives.

FAITH — TRADITION — EXCELLENCE — SERVICE

teaching a way of life

Larry Schneider O67
O'Rafferty High School

We've been asked to pick one favorite teacher. That's like asking a mother to identify her favorite child! We were blessed with so many outstanding teachers! Some taught just the boys and some taught just the girls. Some were traditional type; some were innovative. Some were our friends; some were mentors.

One, however, stands out among the others for many reasons, not the least of

which is that he has been a part of every class reunion since we graduated — **George Fox**. It is true, George Fox became known nation-wide as Earvin Magic Johnson's high school coach at Lansing Everett!

But he was ours first! We are so proud of that!

Most of us first met him Freshman Year in History class. Some of the boys were walking into his class when our principal went room to room to confirm the rumors flying around school — President John F. Kennedy had died moments earlier in Dallas. Mr. Fox knew how to listen and comfort— as well as teach —and this difficult day has served as a lasting testament to those characteristics.

Some of us were lucky enough to be coached by George, either in football or basketball. The O'Rafferty basketball team reached the State Semifinals in 1967 under his coaching. We lost to Menominee by a bucket. Three of our victories that year came at the expense of our beloved archrival Gabriel's.

Those who have attended our high school reunions, have always been honored to have George and his beautiful wife Theresa join us. He has always been willing to speak to us and impart his life insights with humor and kindness. Running into him at Meijer or St. Gerard or anywhere in Lansing is still a treasured delight. He knows our names and remembers us fondly! He always seems as happy to see us as much as we are to see him!

Elissa (Faggion) Greenburg G64
Gabriels High School

Ursula Klein was a rare breed when she began: a single woman who worked tirelessly as a layperson and in the Church. She was one of a kind and, in so many respects, remained one of a kind throughout her music ministry.

High school classes were special to Miss Klein. She enjoyed all ages but especially appreciated the humor, the antics, and the beauty of high school choirs, ensembles, and her "roaming robes" who visited and sang for so many civic and religious groups across the city. While the boys could distract her from the task at hand in class often, she knew how to laugh with them, enjoy their teasing and managed---not only to get them right back to work---but to garner even more respect and love from them. Her operettas, programs, liturgical involvement attracted students across the board.

She was little noted for her behind the scenes encouragement of students with a keen interest in music. It didn't matter if it was voice, orchestra, or keyboard. She provided opportunities and was always quick to praise and congratulate those students who had special musical talents and worked to enhance them.

Miss Klein made students want to be better...not just in music but in their lives.

Mary (Sweeney) Gates C97

Hub Waite and **Kathy Partlow** both pushed me past what I thought was my best. Each of them set very high expectations for me personally, they saw something in me, and they encouraged me to strive to lead, to work hard, and to be better - to be a better writer and a better player. Their confidence in me compelled me at first to want to do well for them, and eventually I began to own that for myself. At first it was difficult to see or hear their honest feedback (so much red ink on those papers for block class and so many corrections in softball!) but they both showed me paths to improvement, and as long as I was on board with what needed to be done, they assured me I would not only improve and be better, I could go further than what I would have imagined. While it helped me then, it was after I completed high school classes and then softball in college that I fully realized the impact of these lessons that are still with me today.

Chad Wenzlick C07

Lansing Catholic High School

Fred Diehl had a big influence on my life as a freshman. I came from a small school and I always felt welcome and encouraged in his classroom. You could just tell he loved his students and he loved teaching math. He would go to great lengths to help all of us understand math. He made me want to be a math teacher, he was that influential to me, the problem was I wasn't as good at math beyond Algebra 1.

Later on I was in **Pam Neal's** US Government class. She had that same kind of passion for what she taught and you could tell she was happy teaching every day. She rekindled that calling in me to be a teacher and uncovered that hunger for how things worked in our government and the importance of knowing history to be active and informed citizens. Every day I want to be that kind of teacher.

Lansing Catholic would like to congratulate Hub on his induction to the Greater Lansing Sports Hall of Fame on July 29. Hub's career includes playing men's fast-pitch for 20 years, and coaching football, basketball and softball for over 46 years, including 33 years of softball while at Lansing Catholic. He is a 16 time District Coach of the Year, six time Regional Coach of the Year and six time Lansing State Journal Coach of the Year. Coach Hub was inducted into the Michigan High School Softball Coaches Hall of Fame in 2007.

Tom Lorenz C77

Lansing Catholic High School

The teacher that I liked the most was **Duncan Wyeth**. He was kind not only to me but to everyone. I thought his jokes were funny, but more than that, he treated everyone with understanding and respect. I could tell that he really cared about students, and he was always there when students needed him. He was a special guy, who had Cerebral Palsy; that didn't stop him from doing things, I think it helped him have a Christian attitude with everything which made him a great teacher and role model for us.

Editor's Note: Duncan Wyeth competed in and earned medals at the National & World Cerebral Palsy Games and, in 1988, the Paralympic Games in Seoul, Korea when he was named the Male Athlete of the Year by the US Olympic Committee. For a time he was also the Executive Director of the Michigan Commission on Disability Concerns.

Courtney (McCormick) Lewis C06

Lansing Catholic High School

I was fortunate enough to have “block” with Mrs. **Kathy Partlow** during the 2nd/3rd hour time, and it was in this space where I really grew as a student and as a person. Mrs. Partlow knew how to push students without causing them to reach a breaking point. She went above and beyond to foster relationships with her students, and worked to create an environment within her classroom where students could thrive and also develop relationships with one another. From the musical performances created by students to explain US history, to the day she sent me flowers because I got a B+ in geometry and no longer held a 4.0 GPA (geometry is for measuring carpet, history lasts forever!), Mrs. Partlow made learning fun and really placed an emphasis on learning to expand your knowledge and think critically, rather than learning to memorize for a test or a paper. She truly was an excellent educator, but more importantly, she is a phenomenal person!

Renee (McNeil) Fischman C86

Lansing Catholic High School

I only took one class with **Fred Partlow** but he and that morality class really made me think. When he taught he spoke to us as adults and he made sure we applied what we learned to real life so that there was a connection between faith and life, not something we studied and then forgot, or things we had covered years before. Mr. Partlow was intense and got us thinking and talking and made theology come alive.

Ellen Burns was another teacher that didn't talk down to us. Ms. Burns was this wealth of knowledge about history and made it interesting so I wanted to be in her class every day.

Spencer Lebel C14

Lansing Catholic High School

I have many fond memories of sitting in the classroom chairs of Mrs. **Cathy Pike's** English courses. Her classes always seemed to act as a breaking point from the mundane routine that high school education can sometimes slip into during the day-in day-out repetitiveness of it all. Not in Mrs. Pike's classroom, that was always a place where conversation, opinion, debate and creativity reigned free.

The memory in my mind is somewhat silly, but sits well with me. It wasn't a day of any significance, another paper was due (it seems like we turned a new one in every other day). As I remember, Mrs. Pike decided to make the process a little more exciting by engaging our creativity and offering a reward for the “most creative turning in of a paper.”

Never backing down from an opportunity to score a Jolly Rancher, I collected some friends - I distinctly remember Joey McKerr and Grace Larkin (and a few others) joining forces with me, and we put together a plan.

When our time came to turn in the paper, we turned Nena's “99 Red Balloons” to full blast on an iPad and performed a synchronized dance to the melodic intro of the timeliness anti-war song. It was a blast, everyone was giggling and even Mrs. Pike had to exert an effort to hold back her laughter.

When all papers were turned in, our group was rewarded with Jolly Ranchers, which tasted like sweet victory. Mrs. Pike never ran out of ways to entertain and engage her students, she pulled creativity out of us when we thought there was nothing left to give. She introduced us to entire worlds, and taught us how to understand and interpret those worlds, and our feelings and reactions to the words and stories we read.

Mrs. Pike's class is one of the greatest education experiences of my life, and sometimes when I close my eyes, I know that I can always revisit that classroom and those memories. For that, I will always be grateful to Mrs. Pike.

NEW ALUMNI BOARD

In the mid-1980's we had an active Alumni Association. It is time to reactivate that!

This is a great opportunity to rekindle relationships, to be involved in something meaningful (the mission of Lansing Catholic), and to support our Catholic high school as needed. This year, the pandemic has made it clear that we need to stay connected with one another.

That doesn't just happen magically. We are looking for a core group of people -- roughly at least one person from every decade of Lansing Catholic and at least one person from each of our amazing heritage schools: St. Mary's, Resurrection, Gabriels, & O'Rafferty -- to become part of an

Alumni Board. This group will meet a few times each year to reinvigorate our Alumni Association and to create fun ways to build connections with our alumni.

It is not necessary for you to live in the greater-Lansing area either; we are happy to have people remote in to keep people engaged.

If you are interested, or know of someone who would be perfect for this, please contact Doug Moore by email at doug.moore@lansingcatholic.org, by phone at 517-267-2153, or by completing the Alumni Board Nomination Form at : lansingcatholic.org/alumni-and-friends/alumni-news-reunions.

Thank You!

FAREWELL TO THESE FACULTY & STAFF MEMBERS

KEN HINTZE NAMED ATHLETIC DIRECTOR AND BRIAN WOLCOTT CELEBRATES HIS RETIREMENT

PASSING THE TORCH: Long time educator and coach for the Diocese of Lansing school system, and Athletic Director of Lansing Catholic High School, Brian Wolcott, announced his retirement this year. Wolcott has been an integral part of Lansing Catholic for the last 6 years. Often admired for his hard work, commitment and dedication, Brian will be remembered for all of his contributions to our community. Wolcott will be greatly missed and filing his shoes will be a challenge.

However, his successor is certainly up to the task. Ken Hintze who has over 6 years of experience working alongside Brian Wolcott has experienced the intricacies of running a multifaceted athletic department. He brings a wholehearted commitment as the new Athletic Director to serving the students, families, and staff at Lansing Catholic as a disciple of Jesus Christ.

After graduating from Detroit Catholic Central, Ken continued his education at Michigan State University where he earned a bachelor of science degree in Athletic Training. Post college, he became Head Athletic Trainer at Lansing Catholic High School. In addition to Athletic Trainer, Ken took on a more significant role in supporting the athletic director, before permanently transitioning to the Assistant Athletic Director role in 2019. Ken lives in Lansing with his dog Tito, attends Church of the Resurrection in Lansing and will be married this October to Lauren Rabine, the Lansing Catholic Student Services Coordinator.

FROM OUR STUDENTS

Cougar Spirit

MARY

"The best thing is to be able to learn in an environment where I can express my faith and also be surrounded by good people."

ELLIANA

"The more time I spend here, the more I grow closer to my friends, new friends, and even teachers. Rodzinka is a great opportunity to become close to different grades of students, and immerse yourself into the different groups of people you will meet."

SOPHIA

"I love Lansing Catholic High School because everyone knows each other, it is challenging academically, and the teachers are great at their jobs and at getting to know students."

HASSAN

"The best thing about LCHS is the teachers. The teachers here are some of the best teachers in the area and can make challenging concepts more understandable. They also care for the students and understand how busy some of them are. They are also always there for assistance."

VIOLET

"I love the community at Lansing Catholic High School. Through the clubs, sports teams, and house system, LCHS creates a tight knit and healthy body of students that can depend on and truly trust one another."

MIRANDA

"I love Lansing Catholic High School because it not only helps me grow physically, mentally, and socially, but unlike other high schools, it helps me grow spiritually. It helps me strengthen my relationship with God, excel in my education, and to meet new people whose friendships will last forever. It also provides amazing teachers who care for their students and all the other staff. It is a welcoming environment and a beautiful community that always pushes people in it to grow and for the community to grow itself."

NIC

"It's a great community I love how you know everyone and you feel close. It's a good way to meet people like at social events. I love the people that come to the school. The teachers are amazing and help me so much. I loved having my brother here. I love going to practice with a team."

CLASS OF 2021

We are proud of our newest Lansing Catholic alumni, the Class of 2021! This class includes 115 outstanding young people who have excelled spiritually, intellectually and socially during their four years here. This class represents 18 different parishes and 21 different middle schools. They have completed 11,181 hours of service. With 34 ambassadors and 55 National Honor Society members, this class poured out extra hours of service in tutoring and event service as well. In terms of athletics, these students have witnessed or helped our school to win 27 league championships, six district championships, six regional championships as well as one state runner-up placement for Girls Golf this year and two state championships - girls cross country in 2017 and football in 2019.

NEW INSPIRATION, NEW EXPERIENCE, NEW LOOK... OUR CAFETERIA TRANSFORMATION

Over the last four years, the highly anticipated Corks + Cuisine event has been the hub for our Lansing Catholic community to gather socially to share fellowship and faith in support of the mission of Lansing Catholic High School. Although the 2021 event didn't look the same due to COVID compliance regulations, the goal always remained true...help make Lansing Catholic High School the best it can be!

During this unique moment in time, the Corks + Cuisine At Home Edition event touched the generous hearts of our community and sparked another successful fundraising effort to raise over \$133,000 in support of the Cafeteria Transformation campaign.

The Cafeteria Transformation will be completed over the summer and be ready to welcome students for the 2021-22 school year. Some of the changes you can expect include:

- Unique seating arrangements including banquet type groupings, counter height bar and restaurant style lounge seating
- Comfortable dining chairs and resurfaced tables
- Bold window graphics in the seating area
- New paint and color scheme to coordinate with the prior year's Transform our Library initiative

We can't wait to show you this amazing transformation! Follow us on Facebook to keep up with LCHS and information on an open house to check out our new look.

We are extremely grateful for those families and friends who partnered with us in making Corks + Cuisine such a great success again this year. We are thankful for our event sponsors whose leadership was the driving force to move this event forward during such a challenging time and to the Planning Committee and volunteers for their hard work. They are a remarkable team whose dedication is unparalleled.

JANUARY 29, 2022**

My dear friends,

It has been such an honor and privilege to serve as the chaplain for Lansing Catholic High School these past 6 years. I am so grateful to God for the blessings and the growth that I have been able to experience and am grateful to all of you for allowing me to share in your lives. I will miss all of you!

As I reflect on my time at LCHS, I am struck by how well the spiritual theme from my first year and the theme from this last year connect.

2015-16: "Do nothing out of selfishness or vainglory, but in humility regard others as more important than yourselves." (Philippians 2:3)

2020-21: "You are no longer strangers and sojourners, but you are fellow citizens with the saints and members of the household of God." (Ephesians 2:19)

It is so often the case that our littleness can seemingly "get in the way." Our complete and utter dependence on God can be regarded as a burden or an obstacle to be overcome. But when we recognize and embrace just how small we are before Him, He is able to elevate us into what we never could become on our own. It is only through an authentic humility that an authentic greatness is possible and we become citizens of heaven and heirs to the Kingdom of God.

While I am sad to leave LCHS, I am filled with an incredible sense of hope. I truly believe that this school--this entire Lansing Catholic community--is poised for greatness, by the gift of humility and the holiness that flows through it. It is always and only this deep connection with God that allows us to form students spiritually, intellectually, and socially into faithful disciples of Jesus Christ. This is our mission, and it must not remain something we merely accomplish, but truly become who we are. Together, let us continue pursuing the Lord with courage and faith. Let us listen to His voice and follow where He leads. Let us be ever united in witness to His love and mercy. Let us be hopeful. Let us be patient. Let us be faithful. And let us be humble before Him, not as strangers, but as children of a good Father, brothers and sisters of Christ, and temples where the Holy Spirit abides.

Please know always of my love and prayers and please pray for me as I go to St. Mary Magdalen. And, as always...GO COUGARS!

Yours in Christ,

Fr. Paul Erickson

Chaplain | Lansing Catholic High School 2015-2021

June 4 saw our 16th Work-A-Thon! Grateful for time outside and away from masks, our Cougar community worked at 18 different locations, serving God and neighbors through yard work, clean-up, minor repairs, window washings, and more. We capped this beautiful day off with our final all school Mass and undergrad awards.

COMMITTED TO THE MISSION

of forming faithful disciples

As we reflect on 50 years of Lansing Catholic history and 117 years of Catholic education in Lansing, one thing stands out: the people, especially our teachers, make all the difference.

A single great teacher can change a student's life. We've been blessed with excellent Catholic teachers and staff throughout our history, a handful we've been able to highlight in this issue. At a recent coffee chat, one mom shared how her son had severely struggled before arriving at Lansing Catholic. Our teachers and staff altered the trajectory of his life, and he's now working in a career he loves; she couldn't have been more thankful.

This year has provided no greater example of the willingness of our teachers and staff to sacrifice for the greater good of our children. One of the pandemic benefits was a renewed appreciation for the importance of front-line workers and especially our teachers. It's time we start treating our teachers like the heroes they are.

That's why I'm excited to announce our most ambitious Corks + Cuisine event ever! As the first step in a multi-year effort, aligned with our strategic plan, to attract and retain high-caliber teachers, this year's event will fund the construction of a much-needed, centrally located teacher lounge and collaborative workspace. It will give teachers a place to take a break from their classroom, build community with other faculty members, and a space to work in a comfortable setting. **Mark your calendars and join us for the next Corks + Cuisine event, January 29, 2022 to support this important endeavor.**

We read stories of Silicon Valley companies providing their employees with opulent lunch rooms stocked with incredible organic food. I recently read about several who have added full bars to boost creativity and help coders break mental blocks. These companies recognize that they must provide a space for employees to step away from their office and recharge to perform at their best.

Our teachers, who are charged with one of the most vital roles imaginable, helping to form our children, are usually scrambling from one class to the next. During their lunch break, teachers have 25 minutes to battle students racing to lunch and then wait for a microwave before returning to their classroom to eat. If they want to spend time working together, they have to sit at student desks amidst endless interruptions.

We expect a lot from our teachers and staff. If we want them to form our children effectively, we must give them the ability to take a restful break, build community, and engage with their colleagues. It's time we gave them a space to do so.

As we look back in gratitude for the people that have made Lansing Catholic what it is today, I hope you'll join me in supporting the heroic faculty and staff who continue to serve our students at Lansing Catholic today.

In Christ,

Mr. Dominic Iocco
