

Physical Education Waiver

The graduation requirement for all students is a half credit (one semester) of Physical Education. Students may opt to waive the physical education graduation requirement to pursue other courses by actively participating in four years of marching band or a minimum of any two seasons of school sponsored athletics. (This could be the same sport in two different school years or two different sports.)

It is also the student's responsibility to complete this waiver, obtain the necessary signature and return this waiver to the school registrar in a timely manner.

Physical education waivers do not have any credit attached and do not show up on a student transcript.

Student Name: _____ **Graduation Year:** _____

Please check the box that applies to your Physical Education Waiver:
